Benefits of IP Surveillance

- Low deployment cost
- Open standards
- Flexible deployment
- High-quality image
- High interoperability

What JLINKS Provides?

To meet the needs of enhancing security and remote control, JLINKS Technology now offers PLANET'S professional IP Surveillance solutions. Taking high-performance image quality as priority, PLANET IP Surveillance also emphasizes how to reduce maintenance or upgrade cost. Users are not required professional skills and technical know-how to deploy. Furthermore, PLANET IP Surveillance solution presents not only well-managed products but easy-to-use software: CamView / IPView Pro for integrating networking security perfectly.

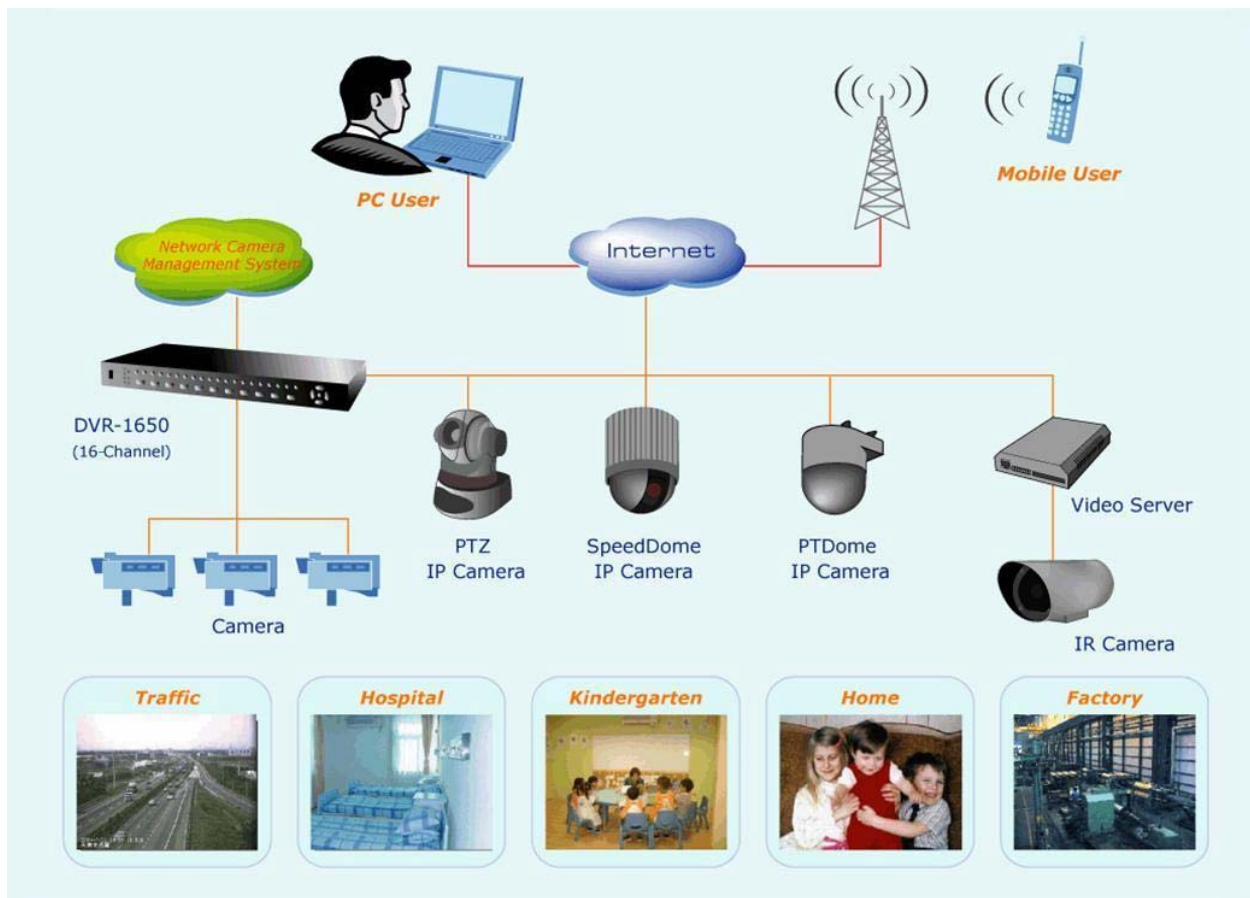

IP Surveillance with CamView:

IP Surveillance with IPView Pro:

Security and Remote Monitoring Applications

Applications:

- Transportation
 - Enhance security for passengers at railway stations, airports, highways
- Hospital
 - Monitor the status of patients in real-time
- Banking
 - Protect against cash card fraud and robbery
- Home
 - Offer alarm functions for monitor detection against unauthorized visitors
- Factory
 - Provide visual access to every critical point of product lines

Ordering Information

ICA-600

- 1/4" Sony SuperHAD CCD
- Pan, tilt and 18X optical zoom
- 360° pan coverage
- Fast pan speed 0.5° ~ 300°/s
- Fast tilt speed 0.5° ~ 150°/s
- Audio capable
- 16 presets

ICA-500

- Pan / tilt IP camera
- Motion detection
- FTP upload
- Email alert
- I/O interface
- Audio support
- BNC video out

ICA-300

- Day & night: 30-meter infrared IP camera
- RS-485 interface
- Motion detection
- FTP upload
- SMTP email

ICA-550W

- IEEE 802.11g
- Pan / tilt
- Audio recording, live audio streaming

ICA-100C

- Email alert
- FTP Upload
- SNTP client
- PPPoE / DHCP / DDNS

**ICA-100PE**

- IEEE 802.3af PoE
- Email alert
- FTP upload
- PPPoE / DHCP / DDNS

ICA-102 / ICA-102W

- IEEE 802.11g
- 30fps @ 640 x 480 resolution
- Audio recording, live audio streaming
- MPEG-4 compression

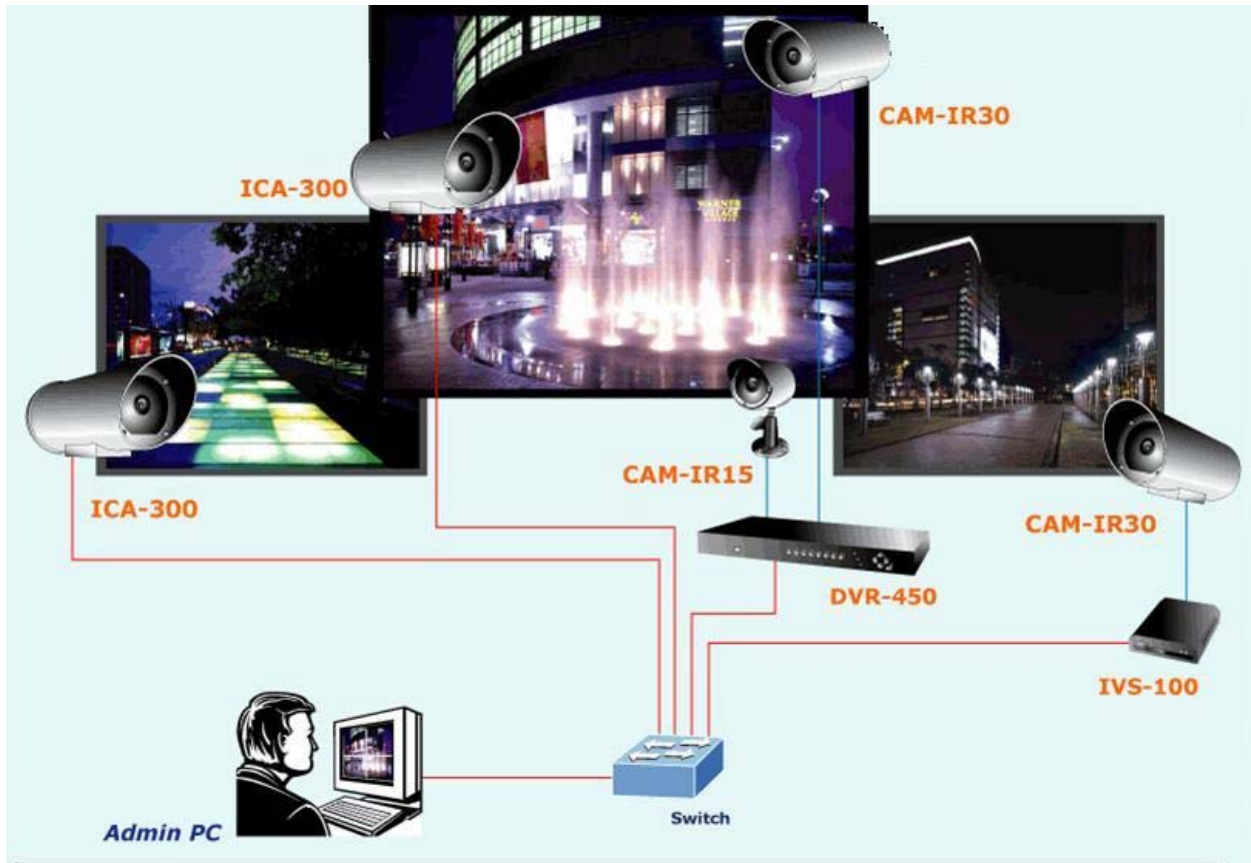

ICA-110 / ICA-110W

- IEEE 802.11g
- I/O trigger
- 30 fps @ 640 x 480 resolution
- Audio recording, live audio streaming
- Email alert / FTP upload
- PPPoE / DHCP / DDNS
- RS-485 external scanner control

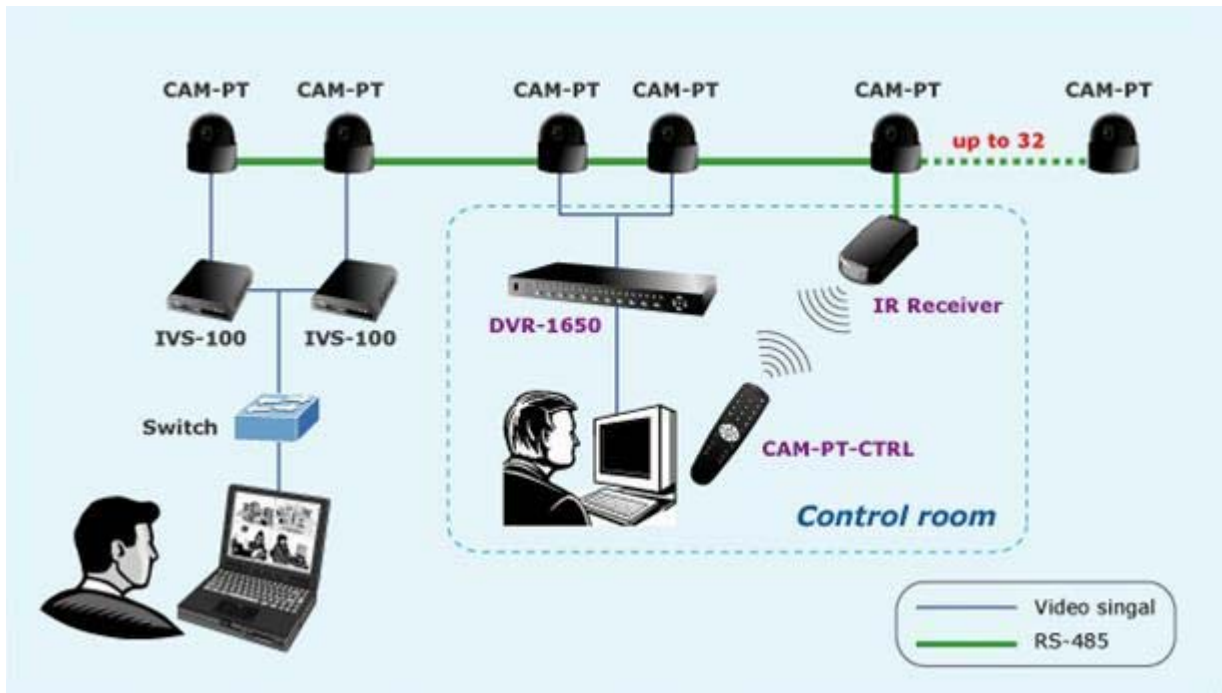

ICA-210 / ICA-210W

- IEEE 802.11g
- Pan / tilt
- Audio recording
- Compensation LED
- Privacy mode
- PIR sensor for motion detection
- USB interface for video storage
